## — ABOUT ALIENO

## Technology that turns your vision into a **working system**.

Alieno is a Mumbai-based technology company. We design and build practical digital platforms that remove manual work and connect people, data and processes. Our flagship product, the **Smart School Management Platform**, brings an entire school onto one connected system.

### Innovate

Technology designed around how schools really work.

### Build

Web admin, portals and apps as one secure platform.

### Grow

Scale to more users, modules and branches over time.

## — THE CHALLENGE &amp; THE SOLUTION

## Modern schools need more than just software.

### THE CHALLENGE

#### Too many processes. Too many tools.
